I hereby give my permission for the use of orthodontic records, including photographs, made in the process of examinations, treatment and retention for purposes of professional consultations, research, education, publication in professional journals, scientific papers, demonstration or marketing purposes. In addition, when i-CAT images are taken, the orthodontist will interpret only those areas consistent with a 2D panorex or ceph. The patient is welcome to have these images further diagnosed by a radiologist for more details at their cost.
